

I need to know who is interested in operating as a real Club. The more members we have participating in meets and Camps, the more poles we can buy, and the less cost per event and coaching we can charge per athlete. I can order some competition tops, we have a few in the gym, and get some t-shirts made. I believe Blair has started that process on the T-Shirts. We need to have a cookout and get counts for everything we want to order. Get our USATF, AAU and TAAF memberships up to date. We are going to need some parent volunteers and will schedule a meeting to discuss all we need to do ASAP.

Thank you,
George and Blair
